Managing Director and Canadian Practice Area Leader for Navigant Consulting. One of the most experienced and respected forensic accountants in the discipline. During the past three decades, Bob has investigated hundreds of complex civil and criminal cases and has testified as an expert witness in court and before international arbitration tribunals more than 40 times. His casework includes analyzing and quantifying economic damages, conducting fraud investigations, assessing the financial aspects of regulatory proceedings, tracing domestic and international funds and managing the related e-discovery and computer forensic aspects of these engagements. Bob recently led a large team of forensic accountants, retained by the Honourable Mr. Justice Jeffrey Oliphant, Associate Chief Justice, Manitoba Court of Queen's Bench, Commissioner of Canadian Government Inquiry into the dealings between Brian Mulroney and Karlheinz Schreiber to provide forensic accounting and investigative services to the Commission. Bob obtained his CA in 1975, the Specialist Designation in Investigative & Forensic Accounting in 2000, and was appointed an FCA in 2006.
